Germans Ermičs & Boris Berlin Black Mirror

presented by Galerie Maria Wettergren

Black Mirror is a circular table in glass and mirror by Latvian designer Germans Ermičs and Russian-born, Denmark-based designer Boris Berlin. Through a masterful color gradation from 0%–100% black, the appearance of the table subtly shifts in response to the surrounding light and one's point of view. The precise geometric form combined with the perfected finish makes the table both visually light and a feast for the eyes.
